Adopt-A-Room

Creating spaces of comfort and refuge that feel like home

For over 35 years, Ronald McDonald House Charities® of Central and Northern Arizona (RMHC CNAZ) has provided a “home-away-from-home” for families traveling to the Valley of the Sun to receive medical care for their children.

Imagine the worst – your child is diagnosed with a serious or life-threatening illness and the doctors and medical facilities to treat your child aren’t close to home. Imagine the added stress of travel, finding a place to stay, the mounting medical bills to save your child.

That’s where Ronald McDonald House comes in...

RMHC CNAZ is a welcoming, tranquil, and comfortable home for families to rest when they are tired, find peace when they are weary all in an atmosphere of comfort, hope and courage. Whether it’s through the retreat of a private room or the normalcy of a home cooked meal, RMHC CNAZ gives a family with a sick child what they need the most – each other.

Ronald McDonald House’s Adopt-A-Room program at our Roanoke House offers a yearlong sponsorship of one of our guestrooms. Donors have an incredible impact on the families who find refuge with us while their child is hospitalized or receiving care at Valley hospitals. Our Houses receive a lot of love. In 2020, we provided 9,736 nights of rest and 667 family visits were made. Since our opening in 1985, families have made more than 56,223 visits to the House.

We are at a critical time where the lifecycle of our rooms are expiring and need remodeling. It’s critical that of our rooms are ADA accessible and it’s time to update the décor and furnishings.

We need your help.

AS AN ADOPT-A-ROOM DONOR...

It costs the organization \$107 per night to support a family, but because of dedicated supporters like you, our "home-away-from-home" is available to all families free of charge. Our Adopt-A-Room donors also play a critical role in the updating and ongoing maintenance of Ronald McDonald House Charities of Central and Northern Arizona by providing welcoming and comforting spaces for families.

Through your Adopt-A-Room gift, together we are providing:

1. **Updated temporary accommodations** to families who come to the Valley to receive medical care for their children at little or no cost to the family.
2. **Better access to critical family-centered pediatric care:** Providing those nights of rest impacts community health by making it easier for families to obtain vital medical options for their children, especially for those who live in rural communities.
3. **Support for parents and caregivers:** By staying at Ronald McDonald House, parents and caregivers can get the rest and care they need so they can focus on the health and well-being of their children.

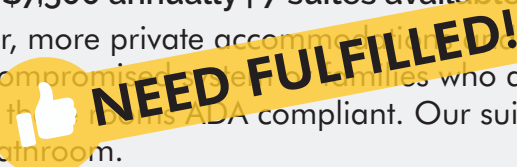

SPONSORSHIP LEVELS:

HEART OF COMFORT \$10,000 annually | 7 apartments available

Your gift supports larger, more private accommodations and are reserved for families with children who have an immunocompromised system, families who anticipate an extended stay at the House or have large or extended family accompanying who provide extra support. Our apartments include separate bedroom/s and living spaces with a private bathroom and kitchenette.

HEART OF HOPE \$7,500 annually | 7 suites available

Your gift supports larger, more private accommodations are reserved for families with children who have an immunocompromised system, families who anticipate an extended stay at the House as well as make the House ADA compliant. Our suites include larger bedroom and living spaces with a private bathroom.
