

RMHC of Central and Northern Arizona Holiday Wish List

Every holiday season, Ronald McDonald House hosts a series of activities, like Santa's Workshop, to help families feel at home. At Santa's Workshop, our families can pick out a gift for each child in their family, and the children get to select gifts for mom and dad. This event provides an opportunity to make the holidays merry and bright, while alleviating stress so families can concentrate on their child's healing journey. Thanks to generous donations from the community, families can go "shopping" and enjoy the spirit of giving with their loved ones.
